

The »StudioKroG - Circular Economy Studio« project,
co-financed by Norway through the Norwegian Financial Mechanism

**Working together for a green,
competitive and inclusive Europe.**

As a pilot project, StudioKroG is based on the fact that the solution to climate change and the transition to low-carbon circular economy is not about restricting and prohibiting, but about promoting a socially responsible entrepreneurship and creating a new "competition" in society, local communities and organisations with the challenge of how to live and create with the least possible use of resources and energy according to the principles of circularity.
use of resources.

INVITATION

We invite you to an inspiring **furniture restoration** workshop where we will
revive the old and create something new! Do you have furniture at home that needs
in need of a refresh? Would you like to learn the skills to renovate your furniture yourself?
favourite pieces?

Don't miss this unique opportunity!

WHEN: 22 and 23 August 2023, from 10.00 to 14.00

WHERE: studioKroG - Tuncovec 10h (ZC OKP), CPU Rogaška Slatina

T3.3.1: 4R monitoring the reuse of bulky waste for interior design using the »virgin material free« principle

Explore your creativity and revitalise your home treasures!

Have you ever thought what you could make out of an old piece of furniture or object? Project [Studio KROG- The Circular Economy Studio](#) brings you a unique opportunity to join our furniture transformation workshop and discover the magic of upcycling!

We all have those special pieces of furniture and furnishings at home that could do with a new lease of new life. But sometimes we need that right inspiration to turn them into real works of art of functional design. StudioKroG is committed to the circular economy and inspires creativity and waste design.

Join us on 22 and 23 August from 10:00 to 14:00 at CPU Rogaška Slatina, where
we will embark on a journey of transformation together.

We will learn techniques, tricks and concepts on how to transform old pieces into unique masterpieces that will shine in your home.
